

Vision Contract Company audit

Forecast Ai Consulting Assesment.

Date: _____ | Auditor: _____

1. REVENUE LEAKAGE & CHANGE ORDERS

Change Order Analysis

- ☐ What percentage of jobs end up with change orders?

Target: Industry average is 15-25%. Below 10% is excellent.

NOTES:

- ☐ What triggers most CO's?

Common causes: Measurement errors, scope creep, material delays, unforeseen site conditions

NOTES:

- ☐ How long does it take to generate and approve a CO?

NOTES:

- ☐ Do you track which estimator or crew generates the most CO's?

NOTES:

Measurement & Estimation Process

- ☐ Are measurements done on paper or digitally?
- ☐ Do estimators take photos of job sites before quoting?
- ☐ Is there a feedback loop from installers back to estimators?

OBSERVATIONS:

KEY METRICS TO COLLECT:

Average job size (\$):

Gross margin by job type (%):

Quote-to-close rate (%):

Average CO value (\$):

2. CREW DOWNTIME & SCHEDULING

Schedule Efficiency

- ☐ How often do crews show up and can't complete the job?

Reasons: Wrong materials, customer not ready, access issues, weather

NOTES:

- ☐ What's your average "first-time fix rate"?

Target: 85%+ is good. Below 70% indicates systemic issues.

NOTES:

- ☐ How do you handle same-day schedule changes?

NOTES:

- ☐ Do installers have real-time access to job details?

Paper work orders vs. digital access

NOTES:

Communication & Dispatch

- ☐ How do dispatchers communicate with crews?

Phone calls? Texts? Group chats? Software?

- ☐ Do crews know their schedule for the week or day-by-day?

- ☐ Are there "buffer" jobs for when crews finish early?

OBSERVATIONS:

KEY METRICS TO COLLECT:

Average crew size:

Jobs per crew per week:

Callback rate (%):

Average drive time between jobs (min):

3. MATERIAL WASTE & INVENTORY

Waste Analysis

- ☐ What's your material waste percentage?

Industry average for glass: 8-12%. Below 6% is excellent.

NOTES:

- ☐ How do you handle remnants or offcuts?

NOTES:

Inventory Management

- ☐ How do you track inventory? (Manual counts? Software?)
- ☐ Do you ever run out of common sizes mid-job?
- ☐ Do you have a system for tracking truck stock vs. shop stock?

WAREHOUSE OBSERVATIONS:

KEY METRICS TO COLLECT:

Material waste % (actual):

Stock on hand (by size/type):

Reorder frequency (days):

Supplier lead times (days):

4. ESTIMATING & PROPOSAL SPEED

Quote Process

- ☐ How long does it take to generate a quote after a site visit?

Target: Same day or within 24 hours

NOTES:

- ☐ What's your quote-to-close rate?

Industry average: 20-35%. Above 40% is excellent.

NOTES:

- ☐ Do you lose bids because you're too slow or too expensive?

NOTES:

- ☐ Do estimators use templates or build quotes from scratch?

NOTES:

Tools & Systems

- ☐ What software/tools are used for estimating?

Spreadsheets? Dedicated software? Paper?

- ☐ Do estimators have standardized pricing?

OBSERVATIONS:

5. CUSTOMER COMMUNICATION & PAYMENTS

Payment Cycle

- ☐ How long does it take to get paid after job completion?

NOTES:

- ☐ Do you have issues with customers disputing invoices?

NOTES:

- ☐ How do you handle warranty claims or callbacks?

NOTES:

Invoice Process

- ☐ Do you send invoices immediately after job completion?
- ☐ Are invoices clear and itemized?

OBSERVATIONS:

KEY METRICS TO COLLECT:

Days to invoice after completion:

Average days to payment:

Outstanding AR balance (\$):

6. SAFETY & COMPLIANCE

- ☐ Have you had any OSHA incidents in the past year?

NOTES:

- ☐ Do you track near-misses?

NOTES:

- ☐ Are crews trained on fall protection, glass handling, PPE?

NOTES:

7. ACCOUNTING & CASH FLOW

- ☐ What's your average days-to-payment?

NOTES:

- ☐ Do you know your profit margin per job type?

Storefronts vs. residential vs. high-rise, etc.

NOTES:

- ☐ Are you tracking labor hours vs. estimated hours?

NOTES:

- ☐ What accounting software do you use?

QuickBooks? Xero? Excel? Paper?

NOTES:

8. OPEN-ENDED DISCOVERY

Pain Points

- ☐ "What's the most frustrating part of your day?"

RESPONSE:

- ☐ "If you could automate one thing, what would it be?"

RESPONSE:

- ☐ "What keeps you up at night about the business?"

RESPONSE:

9. DATA ACCESS REQUEST

For Prototype Development

- ☐ Email access (read-only forwarding or API)
- ☐ Schedule export (CSV, iCal, or screenshots)
- ☐ Sample invoices (PDF or accounting export)
- ☐ Crew roster (names, roles, hourly rates)
- ☐ Inventory list (current stock levels)
- ☐ Recent job files (3-5 completed jobs with all documentation)

ACCESS GRANTED / NOTES:
